Specifications:

Color: silver	
Type	W100 Online Thermal Inkjet Printer
Printing Height	1-12.7mm, max printing height 12.7MM
Printing distance	1-5mm, 3mm is better (distance of Nozzle and the print surface)
Display	4.3 inch touch screen
Edit Model	Online Editing
Ink Cartridge Type	Support 12.7MM
Ink Cartridge Capacity	42ML/Pcs,one cartridge print 800000character
Reslution	600DPI
Connect method	Printing head and host seperate
Languages	27 Countries Languages
Chinese, English, Japanese, Korean, Spanish, Portuguese, French ,Italian, Turkish, Arabic, Russian, Vietnamese, German, Dutch, Thailand,	
Font	24 fonts available; Special font can be edit BMP image from computer and insert by USB.
Input Method	Native Input Method
Variable Printing	Support QR Code, Barcode printing, Variable TXT files
Processor	4-core
Connector	USB, port for electric sensor, port for display screen
Configuration	Senor and rack included
No encrypted	buy ink cartridge anywhere
